

APPROVED Utah Fish Growers, Out-Of-State Growers and Utah Brokers

Note: It is necessary to use the approved fish growers from the two lists below for delivery of live aquaculture products in Utah. The approved fish grower shall deliver his product *directly* to the site of private ponds. If the use of a broker or other delivery options are necessary, then a certificate of registration may be needed for private pond owners (call Utah Division of Wildlife Resources at 801-538-4701). The following lists are subject to periodic change. **If you have any questions, contact UDAF at 801-538-7046.**
